

# Team Spruce Demo

Sprint 8

Jared, Fro, Colin, Kyle

# User Story List

Demo Who	ID	Title	Contributors	Notes
Kyle	71	Implement Stats Screen / Functionality	Kyle, Fro	
Kyle	99	User can see detailed view of eaten foods from the home screen	Kyle, Fro	
Fro	75	Extract NF values and populate food form	Fro, Jared	
Jared	102	Reported Foods	Jared, Colin	
Colin	100	Eat items from inventory	Colin, Kyle	
Colin	101	Manage Verified Foods As Admin	Colin, Jared	

# Retrospective

## Kudos

- To Jared for Admin Reported Foods Functionality and Making it Aesthetically Pleasing
- To Fro for Making Camera Screen(s) and Food Form Work Together
- To Colin for Making it Easy to Eat Items from the Home Screen
- To Kyle for Putting in the Long Hours to Implement the Stats Screen

# Accomplishments

- Seamless transitioning between barcode and nutrition facts scanner camera previews
- Food Form Pre-Population working as Intended
- Stats Screen (charts)
- Reported Foods (user and admin-side)
- Verified Foods (admin-side)

# For The instructors Eyes Only

Items in forecast that didn't make it to the demo.

ID	Title
104	Detailed View of Food item on home screen can be edited

Note: I expect to see every story from planning on either the demo list the spike list or this list.
